EVENT REPORT
Blood Donation Camp
on the Occasion of 15th Foundation Day
Organized by
the Department of Rognidan Evam Vikriti Vigyana
Dr. Deepak Patil Ayurvedic Medical College and Research Centre, Borpadale

1. Occasion:

The blood donation camp was organized to mark the 15th Foundation Day of Sanjivani Multipurpose Foundation, an institution committed to the betterment of society through healthcare, education, and welfare initiatives. The event was one of the key highlights of the foundation day celebrations, reflecting the core value of 'Seva Parmo Dharma' (Service is the highest duty).

2. Chief Guests and Dignitaries:

The inauguration ceremony was graced by the esteemed presence of:
Hon'ble Shri Anandrao Patil, Director, Sanjivani Multipurpose Foundation
Hon'ble Mrs. Sumantai Patil, Director, Sanjivani Multipurpose Foundation
Dr. Swati Patil, Secretary, Sanjivani Multipurpose Foundation
Dr. Smita Patil, Managing Director, Sanjivani Multipurpose Foundation
Dr. Nitin Tatpuje, Principal, DDPAMC, Borpadale.

The event commenced with lighting of the ceremonial lamp, followed by an inaugural address by the dignitaries, who emphasized the importance of voluntary blood donation as a life-saving act of compassion and social responsibility.

3. Organizing Department:

The camp was successfully organized by the Department of Rognidan Evam Vikriti Vigyana, Dr. Deepak Patil Ayurvedic Medical College and Research Centre, Borpadale, under the able guidance of:

Dr. Parag Vishwas Kulkarni, Associate Professor & Head of Department
Dr. Smita Patil, Associate Professor

The second-year BAMS students of the department actively participated in coordination, volunteer management, donor registration, awareness generation, and post-donation care.

4. In Association With:

The camp was conducted in collaboration with Vaibhavlaxmi Blood Centre, Kolhapur, a reputed and NABH-accredited blood bank known for its ethical standards and state-of-the-art collection and preservation facilities.

5. Aims and Objectives:

The key objectives of organizing this blood donation camp were:

- To celebrate Foundation Day with a meaningful and humanitarian activity
- To create awareness about the importance of regular and safe blood donation
- To involve medical students in public health activities for experiential learning
- To address the growing need for safe and timely blood availability in local hospitals
- To inculcate values of service, empathy, and medical responsibility among student

6. Proceedings of the Camp:

The camp began at 10:00 AM after the formal inauguration ceremony.

A health screening of donors was done including hemoglobin level, blood pressure, and medical history check.

Proper protocols were followed to ensure hygiene and donor safety under the supervision of the medical team from Vaibhavlaxmi Blood Centre.

All donors were provided with refreshments post-donation and were observed for 15–20 minutes for any side effects.

Awareness posters and banners were displayed, and the student volunteers educated visitors about the eligibility and myths around blood donation.

7. Outcome of the Event:

A total of 50 eligible donors voluntarily donated blood during the camp.

Among these were staff members, students, and local well-wishers.

The donated blood will be processed and made available to critical patients through Vaibhavlaxmi Blood Centre.

The event helped build confidence among students and increased awareness in the college and surrounding community.

8. Feedback and Acknowledgements:

The donors expressed satisfaction with the smooth process and appreciated the hospitality.

The guest dignitaries applauded the efforts of the organizing team, especially the student volunteers, for their dedication.

The representatives of Vaibhavlaxmi Blood Centre acknowledged the excellent coordination by the Department of Rognidan Evam Vikriti Vigyana.

9. Future Scope and Recommendations:

Such camps can be organized biannually or quarterly as a part of the institutional social responsibility activities

A student-run Blood Donor Club can be initiated to maintain a database of willing donors for emergency support.

Workshops on blood disorders, transfusion safety, and donation myths can be conducted to complement such camps.

Greater collaboration with district hospitals and NGOs can further amplify the impact.

Conclusion:

The blood donation camp held on the 15th Foundation Day of Sanjivani Multipurpose Foundation was a grand success and a testimony to the institution's commitment toward health and service. The initiative not only contributed to saving lives but also nurtured a sense of duty and humanity among budding Ayurvedic doctors.
