VISIT ACTIVITY REPORT

Department of Rog Nidan Evam Vikriti Vigyan

Academic Visit to Pathocure Laboratory

Date: 6th May 2026

Time: 3:00 PM Onwards

1. Introduction:

Under the Memorandum of Understanding (MoU) signed on the occasion of Maharashtra Day (1st May 2026) between the Department of Rog Nidan Evam Vikriti Vigyan and Pathocure Laboratory, an academic visit was organized for students to bridge the gap between theoretical knowledge and practical exposure in diagnostic sciences.

The visit was conducted under the guidance of Dr. Parag Vishwas Kulkarni (Associate Professor & Head, Department of Rog Nidan) with the objective of enhancing students' understanding of modern laboratory practices and diagnostic procedures.

2. Aims and Objectives:

The visit was conducted with the following objectives:

- To provide hands-on exposure to modern diagnostic laboratory techniques
- To understand the workflow and functioning of a standard pathology laboratory
- To familiarize students with sample collection, processing, and reporting systems
- To promote knowledge exchange as per MoU provisions
- To enhance clinical correlation skills in Rog Nidan
- To introduce students to quality control measures and laboratory standards
- To encourage interaction between academic and diagnostic professionals

3. Proceedings of the Visit:

The visit commenced at 3:00 PM with a formal welcome by the laboratory team.

Students were introduced to the organizational structure and departments of the laboratory.

A detailed demonstration of:

- Hematology section
- Biochemistry section
- Sample collection and processing unit
- Automation and diagnostic instruments

Explanation of:

- Laboratory safety protocols
- Quality assurance and control systems
- Reporting and documentation procedures
- Interactive session conducted by laboratory experts addressing student queries.
- Active participation by students in observing real-time diagnostic procedures.
- The visit concluded with a feedback interaction session and appreciation exchange.

4. Outcomes of the Visit:

The visit resulted in the following key outcomes:

- Improved practical understanding of diagnostic techniques
- Enhanced confidence in interpreting laboratory investigations
- Better integration of Ayurvedic diagnostic principles with modern pathology
- Exposure to real-time laboratory workflow and management systems
- Strengthened academic-industry collaboration under MoU
- Development of analytical and observational skills among students

5. Conclusion:

The academic visit to Pathocure Laboratory was highly informative, interactive, and beneficial for the students. It successfully fulfilled the objectives outlined in the MoU and provided valuable practical insights into modern diagnostic practices. Such initiatives play a crucial role in strengthening the academic foundation and clinical competence of students in Rog Nidan.

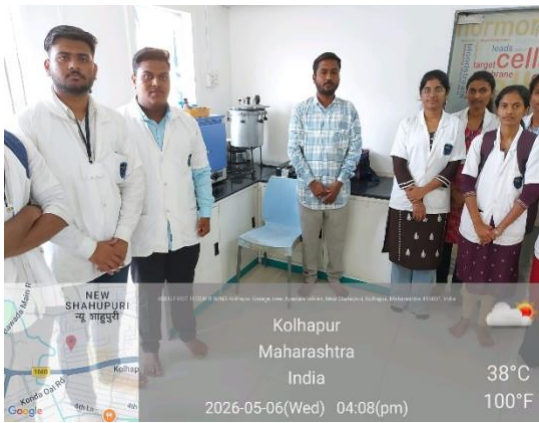

6. Future Scope:

In accordance with the MoU, the following future activities are proposed:

- Regular student exposure visits and batch-wise training programs
- Internship and hands-on training opportunities for students
- Joint workshops, seminars, and CME programs
- Collaborative research activities and case studies
- Skill-based certification programs in diagnostic techniques
- Expansion of collaboration to include advanced diagnostic technologies
